

## Future Skills Questionnaire: GCSE Years

The Future Skills Questionnaire gives students the opportunity to reflect on their career-related knowledge and skills.

There are five versions of the questionnaire, allowing schools to assess the skills and knowledge of their students at specific points of transition: Starting Secondary (Year 7), Transition from KS3 (Year 8/9), GCSE Years (Year 10/11), Key Stage 5 (Year 12/13). There is also a questionnaire designed specifically for young people with SEND.

The questionnaire is administered from the [Compass+](#) platform. This allows data to be stored securely alongside students pupil profile and for data visualisations to be automatically created as students complete the questionnaire. The data visualisations aggregate student responses by year group and student characteristics. This supports Careers Leaders to:

- Identify gaps in a school's provision
- Tailor careers activities to individual need
- Compare responses for groups of students

While we recommend that the Future Skills Questionnaire is administered through Compass+, we recognise this feature is not yet available to all educational institutions. Therefore, we have shared the Future Skills Questionnaire questions on The Careers & Enterprise Company [Resource Directory](#), for independent use.

These questions are from the 'GCSE Years' questionnaire, aimed at students in Year 10 or Year 11.

## Careers knowledge and skills

### Response categories

- No, not yet
- Possibly, I'm not sure
- Yes, to some extent
- Yes, to a great extent

1. Have you heard different people talk about their jobs other than those of your family or carers?
