

## Future Skills Questionnaire: SEND

The Future Skills Questionnaire gives students the opportunity to reflect on their career-related knowledge and skills.

There are five versions of the questionnaire, allowing schools to assess the skills and knowledge of their students at specific points of transition: Starting Secondary (Year 7), Transition from KS3 (Year 8/9), GCSE Years (Year 10/11), Key Stage 5 (Year 12/13). There is also a questionnaire designed specifically for young people with SEND.

The questionnaire is administered from the [Compass+](#) platform. This allows data to be stored securely alongside students' pupil profile and for data visualisations to be automatically created as students complete the questionnaire. The data visualisations aggregate student responses by year group and student characteristics. This supports Careers Leaders to:

- Identify gaps in a school's provision
- Tailor careers activities to individual need
- Compare responses for groups of students

While we recommend that the Future Skills Questionnaire is administered through Compass+, we recognise this feature is not yet available to all educational institutions. Therefore, we have shared the Future Skills Questionnaire questions on The Careers & Enterprise Company [Resource Directory](#) for independent use.

These questions are from the 'SEND' questionnaire. This questionnaire has been designed for students in [Talentino Careers SEND Group 1](#) who will typically not take Level 2 Qualifications or GCSEs. This questionnaire is designed to be used as a part of a careers conversation with a young person, not as a self-completion tool.

## Section 1

### Response categories

- No, not yet
- Possibly, I'm not sure
- Yes, to some extent
- Yes, to a great extent

1. Have you learned about different careers other than those of your family or carers?
